

## What's New

### Dennis Socling to speak at OVLDA Spring Meeting

Dennis Socling will be speaking about modern vacuum kilns at the Ohio Valley Lumber Drying Association's Spring Meeting which will be held at the Holiday Inn Hurstbourne in Louisville, Kentucky on April 24 & 25, 2008.

Dennis, the head of the PCS VacDry R&D/Demonstration Facility as well as the President of Process Control Specialties, Inc., has approximately 20 years experience working with vacuum kiln technology.

### Garrett Socling to speak at Fall 2007 Meeting

Garrett Socling will be speaking about conventional kiln control processes and issues at the Allegheny Dry Kiln Club's Fall 2007 Meeting which is to be held at Collins Hardwood Company, LLC. in Richwood, West Virginia on October 10, 2007.

Garrett, the Vice President of Process Control Specialties, Inc., has about 10 years experience manufacturing and installing conventional kiln controllers.

### Dennis Socling to speak at NEKDA Fall Meeting

Dennis Socling will be speaking about vacuum kiln drying at the New England Kiln Drying Association's Fall Meeting to be held at the Treadway Inn on October 30 & 31, 2007 in Owego, New York.

Dennis is the head of the PCS VacDry R&D/Demonstration Facility as well as the President of Process Control Specialties, Inc.

Please click on the links above for further information.

The Keystone Kiln Drying Association will be meeting in Hanover, PA on May 16, 2007. There will be a tour of the T. Baird McIlvain operation in the morning. After lunch, Brian Bond of VA Tech will speak about developing kiln schedules. Following Brian, Dennis Socling will make a presentation regarding vacuum dry kilns.
