

Meet the Staff

Dennis - President

Dennis founded the company more than 20 years ago. He used to enjoy scaring the dickens out of himself while white-water kayaking but now he prefers quiet canoing/camping with Patti. He also enjoys making new discoveries with the R&D kilns.

Patti - Executive Assistant

Patti has been working for the company for many years.

She enjoys being with her family & friends, reading and doing anything outdoors w/ Denny. Also, she enjoys being Mema to her 3 grandchildren.

Garrett - Vice President

Garrett has been with the company since 1998.

He enjoys researching on the net, reading, working on his car, tending to his pond, hiking and playing computer games.

Kelley - Executive Assistant

Kelley has been with the company since 2004.

She is married to Garrett and they have 3 children, actually they are cats :) She loves summertime, watching reality tv shows, hiking and daydreaming of her next vacation in Mexico.

Bill - Mascot

Bill is our newest addition to the team! He loves to keep our laps warm, sometimes our desks too.
